

A full-day demonstration
with guest woodturner

Jimmy Clewes

About Jimmy Clewes

Jimmy is not your ordinary woodturner. Upon a first meeting one would think of him as a renegade, a free thinker and not within the stereotypical image of a woodturner. His charming British style, unending wit, creative mind and magnetic personality are only some of the attributes that make him a popular woodturning demonstrator.

On the Register of Professional Woodturners in the United Kingdom and a member of the American Association of Woodturners, Jimmy Clewes has over 22 years of experience in woodturning and woodworking. The demand for his services as a freelance demonstrator and teacher takes him all over the world.
